

What Health Secret does the Swiss Olympic Team, NASA and the King and Queen of Bhutan have in common?

They all use BEMER cutting edge German technology for improving performance, increasing health and vitality and for prevention.

The root cause of most disease is poor microcirculation. Environmental toxins, poor diet and habits, stress, lack of sleep and exercise and aging all diminish microcirculation.

The removal of metabolic waste from tissue cells becomes insufficient and the delivery of oxygen and nutrients is blocked, leading to inflammation and disease.

The result is faster aging of cells, diminished resistance to free radicals, impaired healing, reduced mental and physical performance and a wide range of chronic diseases.

Some of the health conditions BEMER can help to improve are:

Cardiovascular, neuropathy, varicose veins, diabetes, osteoporosis, arthritis, organ insufficiency, multiple sclerosis, Parkinson's, Alzheimer's attention deficit, dyslexia, autism, depression, tinnitus, hearing loss, sinusitis, immune dysfunction, infertility, insomnia, chronic fatigue, lymphoma, glaucoma, macular degeneration, migraines, eczema, psoriasis, wound healing, irritable bowel, Cohn's disease, inflammation and pain.

BEMER is used for faster healing from injuries and surgery, cancer recovery, for more efficient detoxification as well as in Veterinary Medicine.

BEMER gets to the root cause by increasing microcirculation by 30% and without any side effects! This is unparalleled; in comparison Statins drugs, exercise and Ginkgo balboa increase microcirculation by 5 to 7%. With regular BEMER Sessions people experience more energy, pain reduction, mental clarity, stronger immune system, stress reduction and anti-aging effects. Whether you have a chronic health condition or want to prevent disease and improve the quality of your life, nothing can match BEMER's results.

Using the BEMER for just 8 minutes 2 x a day increases:

Micro Circulation by 30%

Blood flow in Capillary Vessels by 29%

Venous drainage by 31%

Vasomotion by 27%

Oxygen utilization in tissues by 29%

ATP cellular energy by 18%

BEMER is a scientifically proven class 2 medical Device in Europe and many other countries; in the US it is FDA registered. BEMER has its own category "Vascular Therapy".

There are numerous double blind medical studies from MS to non-healing ulcers that show tremendous benefits from BEMER Therapy.

BEMER is now in Partnership with NASA to use this amazing technology for Astronauts in space.

This is what some of the Doctors in the US are saying about the BEMER:

Dr. Klinghardt, Lyme Specialist

"I totally trust the BEMER, one of the most valuable tools for optimal health". We use the BEMER daily in our clinic for microcirculation, reducing inflammation & pain, detoxification, stress relief and athletic recovery. The whole family can benefit with daily 8 minute use".

Dr. Bernie Siegel

"I have recently started using a BEMER and am already very pleased with the overall results that I am experiencing. These include more energy and a sense of physical and emotional wellbeing.

This could be very helpful when undergoing treatments for cancer and other diseases."

Improve your and your family's health with easy home use.

If you are a health care professional or alternative healer you and your clients can benefit.

Bemer is easily integrated into a wide range modalities;

Chiropractors, Acupuncturists, Naturopaths, Physical therapists, Massage therapists, Psychotherapists, Nutritionists, Yoga teachers, Optometrists and integrative MD's are utilizing BEMER Therapy to improve Patient care and to increase their income.
